EDUCATION

Bachelor of Engineering in Computer Engineering Lok Jagruti University, Ahmedabad, Gujarat Semester 5	2024 – 2028 (Expected)
--	------------------------

PROJECTS

- | | |
|--|------------|
| LocaVista | Semester 4 |
| <ul style="list-style-type: none">Developed an AI-powered site selection platform that evaluates business locations using population, accessibility, competition, amenities, infrastructure, and environmental factors.Implemented ML-based suitability scoring, interactive GIS analysis, location recommendations, site comparison, and automated reporting using Python, Django REST Framework, FastAPI, React, GeoPandas, and Scikit-learn. | |
| WebWheels | Semester 3 |
| <ul style="list-style-type: none">Enhanced a full-stack vehicle marketplace for buying, selling, and renting vehicles with authentication, listings, wishlist, rental, purchase, and transaction management.Integrated a Groq-powered AI assistant for vehicle recommendations using Python, Flask, SQLite, JavaScript, and REST APIs. | |
| Wheels and Deals | Semester 2 |
| <ul style="list-style-type: none">Designed a Java, MySQL, JDBC vehicle marketplace with role-based access control, database management, and CRUD operations. | |
| Store Management System | Semester 1 |
| <ul style="list-style-type: none">Built a Java-based grocery management system using OOP, CRUD operations, product catalog, and inventory management. | |

SKILLS

Programming Languages	Java, Python, JavaScript, SQL
Web & Backend	HTML, CSS, React.js, Flask, Django REST Framework, REST APIs
Libraries/Frameworks	Pandas, NumPy, Matplotlib, Scikit-learn
Databases	MySQL, SQLite, MongoDB, PostgreSQL
Core Concepts	DSA, OOP, DBMS
Tools	Git, GitHub, VS Code, Mongoose, Postman

CERTIFICATIONS

Oracle Cloud Infrastructure AI Foundations - Oracle	View Credential
Hackathon Participant — TIC Tech Toe 2026 (DA-IICT)	View Credential
Foundations: Data, Data Everywhere - Google	View Credential
Introduction to HTML, CSS and JavaScript - Coursera	View Credential
Exploratory Data Analysis for Machine Learning - Coursera	View Credential
